Giraffe Manor is owned by The Safari Collection and is an exclusive boutique hotel, set in 12 acres of private land within 140 acres of indigenous forest in the Langata suburb of Nairobi. As one of Nairobi's most iconic buildings, Giraffe Manor has extraordinary appeal, that harks back to the 1930s when European visitors first flocked to East Africa to enjoy safaris. With its stately façade, elegant interior, verdant green gardens, sunny terraces and delightful courtyards, guests often remark that it's like walking into the film "*Out of Africa*" - even one of its twelve rooms is named after the author Karen Blixen.

However, the most fascinating thing about Giraffe Manor is its herd of resident Rothschild Giraffes who may visit morning and evening, sometimes poking their long necks into the windows in the hope of a treat, before retreating to their forest sanctuary.

Notes

6 x superior rooms on all inclusive/sharing basis

Includes: airport transfers, transportation around the Karen & Langata area (within the check-in and check-out times), all meals, house wines, house soft drinks, house beers, house spirits, laundry, wireless internet access and entrance to the AFEW Giraffe Center.

Tuesday · August 23rd

Nairobi - Activities

While visiting Giraffe Manor, we recommend you take advantage of the transfers from Giraffe Manor to see some of the sights in Nairobi.

Visit the home of pioneer coffee farmer and acclaimed writer Karen Blixen, famous for her book "Out of Africa." The home has been converted into a museum and will provide us with an opportunity to step back in time and gain insight into this remarkable woman's life. See how she adjusted to the white settler life in pre-Independence Kenya and admire the well-preserved lion-skin carpet, colonial style china, paintings, and books. Walk through the immaculately kept gardens and get a magnificent view of the Ngong Hills.

Entrance Fees: US\$12

Hours: 9:00am to 6:00pm

David Sheldrick Elephant Orphanage - Visit the David Sheldrick Elephant Orphanage in Nairobi where you can adopt a baby elephant and see them feed from a bottle. You can adopt an elephant for USD\$50 (for two people) and visit them at 5pm where you'll see your baby put to bed. Or you can go at 11am when the orphanage is open to the general public and pay a USD\$7 donation. Both experiences are very special.

General Public Visit: 11:00am / \$7 donation

Adoption Visit: 5:00pm / \$50 (per couple)

AFEW Giraffe Center - Included in your stay at the Manor is access to the AFEW Giraffe Center, which is a gentle stroll from the front lawn of the house. The center has some interesting background information on the rare Rothschild Giraffes as well as a small nature trail that is good for stretching your legs.

Entrance Fees: included in stay at Giraffe Manor

Hours: 9:00am to 5:00pm

Matbronze Art Gallery & Foundry - Featuring a small selection of hand cast bronze sculptures by Denis Mathews; including lion footprints, life size crocodiles, jewelry all set in a beautiful garden with a great cafe on their veranda.

Hours: 8:00am to 5:00pm

Tea with the Giraffes - We highly recommend afternoon high tea with the giraffes at Giraffe Manor. Humans get High Tea with cocktails and giraffes get pet food. This is your opportunity to kiss the giraffes!

Offered at 5:00pm

Solio Lodge is located on a private wildlife sanctuary, tucked in the valley between the lofty slopes of Mount Kenya and the peaks of the Aberdare Mountains, directly north of Nairobi. This intimate and luxurious lodge opened in August 2010 and remains the only guest accommodation on the incredible 45,000-acre Solio Game Reserve. The wildlife experience here is intense and exclusive with 19,000 acres of conservancy surrounded by 45,000 acres of ranch and just one lodge, Solio Lodge, in the middle of it.

The lodge has five contemporary luxurious cottages with private decks and panoramic views of the nearby hills and Mount Kenya in the distance. Each room has a private lounge area with open fire for cooler evenings, as well as large en-suite bathrooms with a double sink, bath and shower. Solio Lodge takes full advantage of its spectacular surroundings. Vast floor-to-ceiling windows frame distant Mount Kenya and outdoor sun decks afford panoramic views. One of our luxurious cottages can be turned into an interconnected family unit with two en-suite bedrooms, sleeping up to five guests. Dinner is often served outside under the stars within sight of grazing waterbuck, zebras, and impalas. Our chefs use fresh organic ingredients from Solio Lodge's own vegetable garden.

Kenya - Solio Game Reserve Safari

The Solio Reserve is internationally recognized as the most successful private rhino breeding reserve in Kenya and visitors will find that sightings of up to 40 rhinoceros at a time are not uncommon. While there are no elephants at Solio (a benefit to protecting the yellow-barked fever trees on the reserve), there are large numbers of impala, zebra and warthog. Safari goers may also enjoy sightings of Beisa oryx and reticulated giraffe. There may be lion to track, and a good number of leopard, both preying largely on the plentiful impala. Bird watchers will be thrilled to know more than 300 species have been spotted on the reserve. All of this combines to provide a wonderful wildlife experience.

Day and night game drives are on offer at Solio, as well as horseback riding and other activities. Excursions to Aberdare National Park (gate access in a mere 30 minute drive from the lodge) can be arranged (additional charges will apply and can be paid directly to camp).

Aberdare National Park covers an area of 766 square kilometers and forms part of the Aberdare Mountain Range. The park contains a wide range of landscapes - from the mountain peaks that rise to 4,000 metres (13,000 ft) above sea level, to their deep, v-shaped valleys intersected by streams, rivers, and waterfalls. Moorland, bamboo forests and rainforests are found at lower altitudes. Wildlife present in the protected area include the lion, leopard, elephant, East African wild dog, giant forest hog, bushbuck, mountain reedbuck, waterbuck, Cape buffalo, suni, side-striped jackal, eland, duiker, olive baboon, black and white colobus monkey, and sykes monkey.

Kenya - Samburu National Reserve

While staying at Sasaab Lodge, you'll enjoy the most amazing game drives and experiences in the Samburu National Park.

Established in 1985, Samburu National Reserve is a relatively small wildlife reserve in Kenya's rugged North. Bordered by the Ewaso Nyiro River and Buffalo Springs National Reserve to the South, and Shaba National Reserve to the South-East, Samburu is home to some unique, iconic wildlife not commonly found elsewhere in East Africa, such as Grevy's Zebra, Somali Ostrich, Beisa Oryx, Gerenuk, Reticulated Giraffe, and Vulturine Guinea fowl. During the dry season, the Ewaso Nyiro river, on Samburu's southern border, is a magnet for wildlife which streams in from all the unprotected rangelands to the North, making Samburu a truly special game-viewing area.

Sala's Camp also offers the best of the Masai Mara's wildlife and birdlife year round. Sala's Camp first hosted guests in 2004, it has become renowned for combining an authentic safari experience with hospitality and fine dining.

Sala's Camp interiors are elegant and comfortable. All rooms have en-suite bathrooms with hot showers, baths, running water and flushing toilets. Wednesday · August 31st

Kenya - Masai Mara National Park

While at Sala's Camp, you will get to explore the beautiful Masai Mara National Park.

The Masai Mara is arguably the best known Game Reserve in the World, made famous thanks to the incredible number of wildlife documentaries made here. The short grass, annual wildebeest migration crossing the Mara River from the Serengeti and the huge lion population are all contributory factors that make the Masai Mara such a popular destination for film-makers and tourists alike! The great migration is at its best from late August to November as the herds cross into the Masai Mara from the Serengeti in the south. This makes for a spectacular experience, nicknamed the greatest show on earth. The herds enter the Mara from the west and gather on the plains for a few months until the rains break on the southern plains of the Serengeti in December, when they return south. **Whether you are here in the migration season, or not, you will have a fantastic few days of game viewing as there are amazing game viewing opportunities in the Mara from the resident game.**

The major difference between a safari in the Masai Mara compared to the Serengeti is that you can drive off-road throughout the Masai Mara, as opposed to only in designated areas of the Serengeti. This means that your game viewing in the Mara is guaranteed to be up close and personal. The Mara is year-round game viewing destination and an absolute must-see. There is no better place to see Africa's big 5 than here and the concentration and quality of animal sightings is unsurpassed anywhere on the African continent.

Operators in the Mara and the private concessions of the Mara Conservation Area offer daily game drives, walking safaris, night game drives and even hot-air ballooning for a different view of the migration. The Mara is also a great place for getting to know the colorful Maasai culture. This fearsome and historically nomadic tribe is truly fascinating and most operators offer the chance to visit a Maasai homestead, or manyatta.
